WHY SHOP LOCAL?

- Spending your money in Greater Omaha ensures a stable economic environment that encourages growth and entrepreneurship. *When you make a purchase locally, 68% of your money returns to the community*. Only 43% stays in the area if you shop at a chain store, and 0% stays if you shop online. *through payroll, taxes and other expenditures.
- The O! factor - Unmistakably Omaha, people here value a quality of life that supports local efforts and organizations focused on keeping the economy strong.
- We know our products better than anyone! Our buyers work in our stores everyday instead of in corporate offices. So they hand pick every item to fit our customers needs.
